

Anatolii STORCHAK

PROFILE

Engineer with strong leadership qualities, clear vision and a results-oriented mindset. I can work effectively under pressure, adapt quickly to unexpected changes, and find solutions in critical situations.

LANGUAGES

English (Upper-Intermediate+)
Ukrainian (native)

CERTIFICATES & COURSES

MACHINE LEARNING
Stanford University / Coursera
Issued Jun 2022
Credential ID: 2LAD3QSM5YP2

CONTACT

gumbygmo@gmail.com

SKILLS

- Software development for microcontrollers using Embedded C/C++, and application-level products in Javascript, Python, Golang.
- Data visualisation and statistical processing tools: MATLAB, Python (SciPy, Matplotlib, Keras, PyTorch).
- Basic knowledge of CAD systems for 3D modelling and design of electrical schematics and PCBs.
- 2D animation (Javascript Canvas), web applications and microservices.

EXPERIENCE

UAV SYSTEMS ENGINEER — UAV Equipment Tools Projects. 2023–2026
- RnD, Project management, Software development, CAD modeling and PCB design participation.

LEAD SOFTWARE ENGINEER at Liniad. 2020.12–2026
- Development of company platform for modification and analytics of interactive advertising on React and Node.js.
- Setting up development and CI/CD integration processes for the interactive and gaming advertising department.
- Development of interactive advertising (HTML5 canvas, Javascript).

SOFTWARE ENGINEER at Titanium Labs. 2018.08–2020.11
- Development of interactive game advertising (HTML5 canvas, Javascript).
- Building web applications.
- Leading a small team, mentoring junior developers.

SOFTWARE ENGINEER at TopLab — IoT for startups. 2018.01–2018.08
- Embedded C/C++ programming for devices with inertial navigation systems (IMU) and Bluetooth LE.
- Development and reverse engineering of device communication protocols over CAN and RS485 buses.
- Creating Linux distributions for embedded systems using Yocto and Armbian build systems.

AUTOMOTIVE ELECTRICIAN. 2017.06–2018.01
- Diagnostics and repair of electrical systems of cars and buses.

EDUCATION

PHD — DOCTOR OF PHILOSOPHY. Automation, Metrology and Informational-Measuring Technology.
Cherkasy State Technological University. 2018–2025

MSC — MASTER OF SCIENCE. Instrumentation and Robotics.
Cherkasy State Technological University. 2014–2018

ASSOCIATE DEGREE. Diagnostics and Repair of Electrical Equipment of Automobiles and Tractors. Cherkasy Polytechnic College. 2010–2014
